---

---

**MISSING/LOCATED PERSON NAME: Matt Shasky**

**AGE: 55**

**ADDRESS: San Lorenzo, Ca**

---

---

On October 17<sup>th</sup>, 2020 at about 1930 hours the **Tehama County Search and Rescue Team (SAR)** was called out to a remote location West of Red Bluff for a missing hunter. Mr. Shasky had become separated from his hunting party at about 1:30 PM and they had not been able to locate him on the large property.

The Tehama County Search and Rescue Team responded to the area and began searching throughout the night and the following day using four wheeled motorcycles, two person ATVs, in trucks along the road way and on foot.

**The California Highway Patrol Air Operations** provided aircraft to assist with the search during the night and the next morning.

Mr. Shasky was located in the afternoon around 2:30 PM on October 18<sup>th</sup>, safe after spending the night in the woods west of the search location.

The Tehama County Sheriff's Search and Rescue Team is always looking for new volunteers, interested parties should check out the web site, contact a SAR member or attend a monthly meeting for more information.
