Message from Sheriff Clay D. Parker

As Sheriff-Coroner of Tehama County, I proudly present my 10th Annual Report. On the following pages, you will find data and statistics relating to criminal activity and calls for law enforcement services in Tehama County; and will likewise learn about our agency, our many accomplishments, and some professional and personal information on my command staff.

First and foremost, I must recognize the heroic efforts of Sheriff's Office personnel during an officer-involved shooting incident that occurred on December 2, 2008. Deputy Dada, Deputy Hopton and CHP Officer Madrigal responded to a reported domestic dispute at a residence in the Gerber area; and upon arrival, were immediately fired upon by a male suspect. Dozens of shots were fired at the officers, and Officer Madrigal was struck and sustained life-threatening injuries. Deputies Dada and Hopton valiantly protected Officer Madrigal until additional personnel arrived and evacuated Officer Madrigal to an awaiting ambulance. Dozens of personnel from multiple agencies assisted with this incident, protecting those who were in the line of fire and ensuring that no citizens and no other officers were injured. As the Sheriff of Tehama County and as a career law enforcement officer, I could not be more proud of the way our personnel reacted to this event.

Our most notable project in 2008 was the lengthy installation, programming and activation of the countywide Telephonic Emergency Notification System. This sophisticated computer system operates by interfacing the best and most current mapping technology with statewide telephone data. Our office, upon the request of a law enforcement, fire or official governmental agency, is now able to alert any designated number of homes, businesses, neighborhoods or entire communities of an occurring or pending emergency event or situation. To assist you in understanding the full capability of this system, I've dedicated a full page of this year's Annual Report to this invaluable program.

As in years past, I owe a great deal of gratitude to the Board of Supervisors for their continued support, and equally thank the citizens of Tehama County for their sustained encouragement and patronage.

Sincerely,

Clay D. Parker, Sheriff-Coroner

**Letter from the
UnderSheriff**

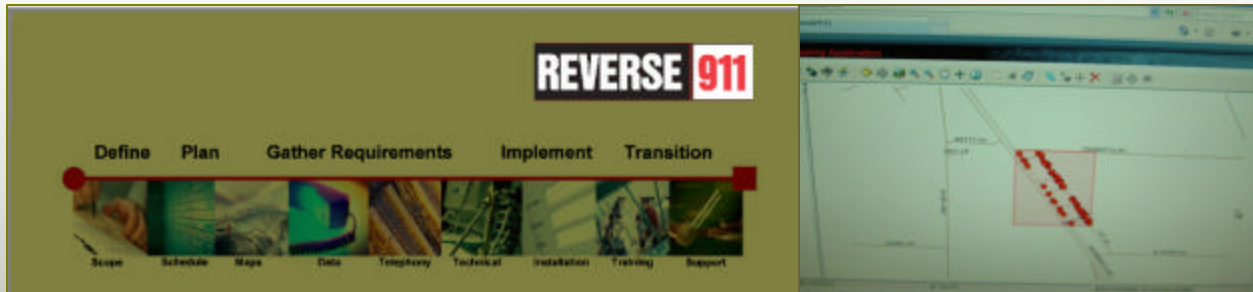

**Undersheriff
Dennis Garton**

A 1998 graduate of the F.B.I. National Academy and 39-year law enforcement professional, Undersheriff Dennis Garton begins his 13th year as second-in-command of the Sheriff's Office.

With primary responsibilities of overseeing the day-to-day operations of the 122-member department, Undersheriff Garton also researches new programs and manages the county Office of Emergency Services.

“ It is an honor and privilege to serve as Undersheriff of Tehama County. Under the leadership of Sheriff Clay Parker, we have accomplished more in the last 10 years than I could have ever imagined. Although we have seen a 44% increase in calls for service since 2005, during that same 4 year time period, we have realized a reduction in major reportable crime. This comes as a direct result of the enthusiastic support and endless devotion of our entire command staff, as well as the tireless dedication of every member of this wonderful organization.”

“I am proud to be a part of the Sheriff's Office, and even more proud to be a part of the team that is committed to making Tehama County a safe and secure place to live and raise our families”.

Telephonic Emergency Notification System (T.E.N.S.)

Funded by a \$120,000.00 Homeland Security grant, the T.E.N.S. project took nearly a year to complete. Testing was completed in November, and the system was declared fully-operational on November 15, 2008.

The T.E.N.S. system works like this:

A law enforcement, fire or other approved government entity determines that there is an existing or pending emergency situation that requires public notification. This could be as a result of a flood or fire, a chemical or hazardous materials spill, a lost or missing child, a criminal-at-large, or a variety of other situations or events.

A representative from that agency outlines the area to be notified. By viewing our T.E.N.S. maps, the agency representative can select anything from an individual street or neighborhood to an entire community.

The agency representative then prepares a recorded statement or warning. An example would be:

“This is an emergency notification on December 1, 2008 at 5:00 P.M. The Sacramento River is predicted to crest at 2 ft. above flood stage in the City of Tehama at 9AM tomorrow. Residents of the Riverside Mobile Home Park and other low-lying areas are advised to evacuate their homes until further notice. A shelter has been established at the Los Molinos High School. For additional information please call 529-7900.”

Our T.E.N.S. operator then selects the designated area, inputs the message, and the system calls every registered telephone in the selected area and plays the recorded warning or message. The system simultaneously calls up to 14 telephones, and as each connection is made, another number is dialed.

The system provides the operator with a printout of all of the telephone numbers that received the message, as well as the registered address of the telephone number. Door-to-door notifications by officers, fire fighters or volunteers will follow as necessary.

Updates will be recorded as necessary, and at the conclusion of the event, an “all clear” message will be sent to all telephones that received the initial warning.

During 2008, the system was activated nine (9) times. This included 5 tests and 4 activations for actual emergency notifications. During these nine activations, the system called 6,604 separate telephones.

In three cases, the cause of death was undetermined. (In these cases, there were multiple causes of death; such as advanced age, illness, and other factors that prevented investigators from pinpointing a single cause of death. There was no foul play or suspicious circumstances involved in either death.)

Of the 262 deaths, complete or partial medical examinations were performed on 82 decedents.

2008 RECOGNITION

Corning Exchange Club Officer of the Year

**Deputy
Chris Benson**

Deputy Chris Benson was selected by the Sheriff's Administrative Staff as the 2008 Officer of the Year, as awarded by the Corning Exchange Club. Described by his supervisors as "driven", Deputy Benson has a distinguished and unmatched history of service to his community and his country.

Chris Benson graduated from Red Bluff High School in 1998, and immediately joined the United States Army. Upon his honorable discharge in 2001, Chris began his career with the Tehama County Sheriff's Office, with his first assignment as a Correctional Officer. Shortly after the tragic events of September 11, 2001, Officer Benson was called to active duty, and was deployed to Iraq. 1 year later, he returned to his job as a Tehama County Correctional Officer. After 6 months; however, he was again called to active military duty, and returned to Iraq for his second combat deployment. A year later, in February of 2004, Officer Benson returned to his Correctional Officer position.

In 2006, Chris made the commitment to devote nearly 100% of his time off to complete the Basic Police Academy at Butte College. He set himself apart from his classmates by being selected as the Class Commander, and graduated later that year. Chris then tested for a Deputy Sheriff position, and was subsequently promoted to and transferred to patrol. Described by a Patrol Sergeant as being "proactive" and "the driving force behind a very productive team", Deputy Benson serves on the SWAT team and is a highly-trained scuba diver on the Tehama County Dive Rescue Team. His short career is already adorned by selfless actions on a late Saturday night, which bear out his devotion to service.

On November 22, 2008, a 51 year-old Tehama County man fell from a 400ft cliff in a very remote area. Deputy Benson was the first to arrive on scene. Medical units would not arrive for another 45 minutes due to the remote and inaccessible terrain. In complete darkness and without regard for his own safety, Deputy Benson climbed down the treacherous and unstable cliff and rendered care and comfort to the dying man. Unfortunately, the victim succumbed to his injuries prior to the arrival of medical personnel; however the actions of Deputy Benson are deemed heroic.

Deputy Benson is a role model and inspiration to all, and we are proud to name him "Officer of the Year".
