TEHAMA COUNTY, CALIFORNIA

Biohazard & Trauma Scene Cleanup Resources

Following the loss of a loved one or a traumatic incident, professional cleanup may be necessary to safely address blood, bodily fluids, decomposition, and other potentially hazardous materials.

Specialized biohazard cleanup companies have the training, equipment, and procedures necessary to properly clean, disinfect, and restore affected areas. The following companies are provided as a resource for individuals and families in Tehama County who may need assistance.

Local & Regional Companies

These companies are located in or near the North State and may provide services to Tehama County communities. Please contact each company to confirm availability and service coverage.

A Note About This Resource List

This directory is provided solely for informational and convenience purposes to assist Tehama County residents and families. The Tehama County Coroner's Office does not endorse, recommend, or guarantee the services, qualifications, pricing, or availability of any company listed.

This is not an exhaustive list. Families and property owners are free to select any qualified biohazard cleanup provider of their choosing, and research is encouraged prior to making any final decisions. We encourage individuals to contact companies directly to verify credentials, services, insurance coverage, and availability before making arrangements.
